DETAILED ACTION

The disclosure is objected to because of the following informalities: On page 1 of the specification, all parent applications should be listed and the status of each included. The Abstract should be in a one paragraph format, and is currently improperly greater than 250 words in length. On page 3, line 15, "9" is objected to. On page 14, line 9, "spaced" is objected to. On page 18, line 12, "121" should be replaced with --221--. On page 18, line 17, "6a-6c" should be replaced with --7a-7c--.

Appropriate correction is required.

Applicant may claim the benefit of the filing dates of the parent applications in a substitute Declaration.

Claims 1 and 2 are objected to because of the following informalities: In claim 1, line 7, "sides" should be replaced with --surfaces--. In claim 1, line 10, "panels" should be replaced with --walls--. In claim 2, line 2, "panels" should be replaced with --walls--. Appropriate correction is required.

Claims 3-5 are allowed. Provided the above objections to claims 1 and 2 are overcome, claims 1 and 2 would also be allowable.

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
